

Global Quality Policy

RS Technologies is committed to exceeding its customers' expectations and being viewed as the leader in high-performance composite utility structures. Our quality policy reflects this dedication to producing resilient structures for a reliable grid.

We commit to:

- Ensure our products and services align with our customers' needs.
- Invest in our employees to provide best-in-class service.
- Take pride in our craftsmanship and innovation of products.
- Demonstrate competency in operational excellence in all aspects of business.
- Collaborate and effectively communicate with our suppliers.
- Comply with relevant laws and regulations as well as customer and internal requirements.

A handwritten signature in black ink, appearing to read 'John Higgins', is positioned above a horizontal line.
